

CONDENSERS – PED CLASSIFICATION as piping

STN – STFT - STVF	All these products are classified: Article 3
SHVN 330 SHVS 330	All these products are classified: Article 3
SHVN 350 e SUB	All these products are classified: Article 3, unless the models 61/2; 76/0; 81/6; 57/1; 66/0; 76/1 that are classified : CAT I
SHVS 350 e SUB	All these products are classified: Article 3, unless the models 48/1; 54/0; 41/1; 50/0; 54/8 that are classified: CAT I
SHVN 500 e SUB	All these products are classified: Article 3, unless the models 83; 98; 110; 147; 165; that are classified: CAT I
SAV5N	All these products are classified: Article 3, unless the models 4332; 4346; 4347; 4366; 4367; that are classified: CAT I
SHVS 500 e SUB	All these products are classified: Article 3, unless the models 77; 96; 114 that are classified: CAT I
SAV5S	All these products are classified: Article 3, unless the models 4446; 4465; 4466 that are classified: CAT I
SHVR 500 e SUB	All these products are classified: Article 3, unless the models 62; 81; 93 that are classified: CAT I
SAV5R	All these products are classified: Article 3, unless the models 4546; 4565; 4566 that are classified: CAT I
SHVN/EHVN 500 PLUS	All these products are classified: CAT I, unless the models: 28; 33; 51 that are classified: Article 3
EAV5N	All these products are classified: CAT I, unless the models: 5310; 5311; 5320 that are classified: Article 3
SHVS/EHVS 500 PLUS	All these products are classified: CAT I, unless the models: 21; 23; 37 that are classified: Article 3
EAV5S	All these products are classified: CAT I, unless the models: 5410; 5411; 5420 that are classified: Article 3
SHVR/EHVR 500 PLUS	All these products are classified: CAT I, unless the models: 17; 34 that are classified: Article 3
EAV5R	All these products are classified: CAT I, unless the models: 5510; 5511; 5520 that are classified: Articolo 3

SHVN/EHVN 630 e SUB	All these products are classified: CAT I, unless the models: 26; 30; 49 that are classified: Article 3
SAV6N	All these products are classified: CAT I, unless the models: 6410; 6411; 6420 that are classified: Article 3
SHVS/EHVS 630 e SUB	All these products are classified: CAT I, unless the models: 22; 25; 39 that are classified: Article 3
SAV6S	All these products are classified: CAT I, unless the models: 6510; 6511; 6520 that are classified: Article 3
SHVR/EHVR 630 e SUB	All these products are classified: CAT I, unless the models: 18; 35 that are classified: Article 3
SAV6R	All these products are classified: CAT I, unless the models: 6610; 6611; 6620 that are classified: Article 3
EHV63F/SAV7N	All these products are classified: CAT I, unless the models: 200; 202; 8411; 8412 that are classified: Article 3
SAV7S	All these products are classified: CAT I, unless the models: 8510; 8511; 8520 that are classified: Article 3
SHVS/EHVS 800	All these products are classified: CAT I, unless the model: 36 that is classified: Article 3
SAV8S	All these products are classified: CAT I, unless the models: 2111; 2112 that are classified: Article 3
SHVT/EHVT 800	All these products are classified: CAT I, unless the model: 20 that is classified: Article 3
SAV8T	All these products are classified: CAT I, unless the models: 3110; 3111; 3112 that are classified: Article 3
SHVR/EHVR 800	All these products are classified: CAT I, unless the model: 13 that are classified: Article 3
SAV8R	All these products are classified: CAT I, unless the models: 4110; 4111; that are classified: Article 3
EAV9N	All these products are classified: CAT I, unless the models: 6111; 6112 that are classified: Article 3
EAV9X	All these products are classified: CAT I, unless the models: 1110; 1111; 1112 that are classified: Article 3
EAV9U	All these products are classified: CAT I, unless the models: 5110; 5111 that are classified: Article 3

SDHVF	All these products are classified: CAT I, unless the model: 107 that is classified: Article 3
SDHVN	All these products are classified: CAT I, unless the models: 75; 86; 150 that are classified: Article 3
SDHVS	All these products are classified: CAT I, unless the models: 68; 136 that are classified: Article 3
SDHVR	All these products are classified: CAT I, unless the models: 45; 90 that are classified: Article 3
SHVD e EHVD	All these products are classified: CAT I
XXHV e XDHV	All these products are classified: CAT I
MHVC	All these products are classified: Article 3, unless the model: 18 that is classified: CAT I
PHVC	All these products are classified: Article 3
SHVC	All these products are classified: CAT I, unless the model: SHVCN1 S/T that is classified: Article 3

Is specified that:

PS max 3,0 Mpa
 TS min/max -20 +130°C

Is necessary take in consideration that the TS temperature regards only the piping, in fact these values must be reduced at -10 +55°C in accordance to the max values defined for the fan motors installed.

The products above mentioned are present in the Lu-Ve catalogue in force.

NOTE 1: Special Condensers x CO2

All the condensers (STN, STFT, STVF excluded) are classified CAT I
 PS 12Mpa TS -20 +150°C (special manifolds)

NOTE 1: Special Condensers x R410

All the condensers (STN, STFT, STVF excluded) are classified CAT I
 PS 4,5Mpa TS -20 +130°C (special manifolds)
